

## REQUIRED PROOF OF FUNDING

The University of Denver is required to verify that international students have sufficient funds to cover their educational and living expenses before issuing the immigration document needed to apply for F-1 status (Form I-20) or J-1 status (Form DS-2019).

These funds can be proven in the form of bank documents, awards from the University of Denver, sponsorships from outside the University, or any combination of these funding sources.

More information about this financial documentation can be found on the [Obtaining F-1 or J-1 Status](#) webpage in the *Proof of Funding* section.

- F-1 applicants must show sufficient funding for one academic year (3 quarters/2 semesters).
- J-1 applicants must show sufficient funding for the entire length of their program.

Students who plan to bring their spouse and/or dependent children under the age of 21 as F-2 or J-2 dependents will need to provide additional funding.

*Spouse:*           \$5,200 per academic year  
*Each Child:*       \$3,960 per academic year

The chart on the following page bases the estimated costs of attendance on the official published costs provided by the Office of Financial Aid: [Undergraduate](#) and [Graduate](#).
